## GETTING A QUOTE IS QUICK AND EASY

### STEP 1.

#### Get a quote for your old devices:

Tell us the model, quantity, and specs\* of your old devices

\* Memory, Storage, and Processor specs help with accuracy

#### Ship your used devices for free:

Be sure to de-provision used Chromebooks prior to shipping

### STEP 2.

#### Receive a credit or discount on Chromebooks:

FireFly will apply the value of your used devices as a credit or discount towards new Chromebooks.

### STEP 3.

#### Q. What devices do you accept for trade in?

A. We accept trade-ins of any laptops, Chromebooks, or tablets no matter the operating system. Products and prices may change based on market demand.

#### Q. What happens to devices once they are traded in?

A. After securely removing any data, devices deemed usable are reconditioned and resold, diverting them from the waste stream. Devices deemed unusable are destroyed and disposed of in responsible ways. All batteries removed from the wireless devices are recycled in EPA and R2 certified facilities.

#### Q. Do we have to send our devices in or will you pick them up at a specified location?

A. We will handle all the logistics and provide packing materials and shipping labels to conveniently send in your used devices at no cost to you. Pick-up will be arranged for larger orders that require a palletized delivery.

#### Q. Will the data cleaning result in some type of "certificate of data destruction" or "data wipe" for the device?

A. At your request, we will provide certificates of data wipe by device and IMEI number, as well as physical certificates.
